Independent Auditors' Report

To the trustee of The Chiva South Africa Foundation Trust

We have audited the annual financial statements of The Chiva South Africa Foundation Trust, which comprise the statement of financial position as at 28 February 2013, and the statement of comprehensive income, statement of changes in equity and statement of cash flows for the 12 months then ended, and a summary of significant accounting policies and other explanatory notes, and the trustees' report, as set out on pages 5 to 12.

Trustees' Responsibility for the Annual Financial Statements

The trust's trustees are responsible for the preparation and fair presentation of these annual financial statements in accordance with the basis of accounting as set out in note 1 of the Annual Financial Statements, and requirements of the Companies Act of South Africa, and for such internal control as the trustees determine is necessary to enable the preparation of annual financial statements that are free from material misstatements, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these annual financial statements based on our audit. We conducted our audit in accordance with International Standards on Auditing. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance whether the annual financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the annual financial statements. The procedures selected depend on the auditors' judgement, including the assessment of the risks of material misstatement of the annual financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the annual financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the annual financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the annual financial statements present fairly, in all material respects, the financial position of The Chiva South Africa Foundation Trust as at 28 February 2013, and its financial performance and its cash flows for the 12 months then ended in accordance with the International Financial Reporting Standard for Small and Medium-sized Entities, and the requirements of the Companies Act of South Africa.

Trustees' Responsibilities and Approval

The trustees are required to maintain adequate accounting records and are responsible for the content and integrity of the annual financial statements and related financial information included in this report. It is their responsibility to ensure that the annual financial statements fairly present the state of affairs of the trust as at the end of the financial 12 months and the results of its operations and cash flows for the period then ended, in conformity with the basis of accounting as set out in note 1 of the Annual Financial Statements. The external auditors are engaged to express an independent opinion on the annual financial statements.

The annual financial statements are prepared in accordance with the basis of accounting as set out in note 1 of the Annual Financial Statements and are based upon appropriate accounting policies consistently applied and supported by reasonable and prudent judgments and estimates.

The trustees acknowledge that they are ultimately responsible for the system of internal financial control established by the trust and place considerable importance on maintaining a strong control environment. To enable the trustees to meet these responsibilities, the trustees sets standards for internal control aimed at reducing the risk of error or loss in a cost effective manner. The standards include the proper delegation of responsibilities within a clearly defined framework, effective accounting procedures and adequate segregation of duties to ensure an acceptable level of risk. These controls are monitored throughout the trust and all employees are required to maintain the highest ethical standards in ensuring the trust's business is conducted in a manner that in all reasonable circumstances is above reproach. The focus of risk management in the trust is on identifying, assessing, managing and monitoring all known forms of risk across the trust. While operating risk cannot be fully eliminated, the trust endeavours to minimise it by ensuring that appropriate infrastructure, controls, systems and ethical behaviour are applied and managed within predetermined procedures and constraints.

The trustees are of the opinion, based on the information and explanations given by management, that the system of internal control provides reasonable assurance that the financial records may be relied on for the preparation of the annual financial statements. However, any system of internal financial control can provide only reasonable, and not absolute, assurance against material misstatement or loss.

The trustees have reviewed the trust's cash flow forecast for the 12 months to 28 February 2014 and, in the light of this review and the current financial position, they are satisfied that the trust has or has access to adequate resources to continue in operational existence for the foreseeable future.

The annual financial statements set out on pages 5 to 12, which have been prepared on the going concern basis, were approved by the trustees on 01 August 2013 and were signed on its behalf by:

Trustees' Report

The trustees submit their report for the 12 months ended 29 February 2013.

1. The trust

The trust was formed in terms of a trust settlement by J H Moshal dated 18 February 2009 as amended by a supplementary notarial deed dated 12 March 2009.

2. Review of activities

Main business and operations

The trust is an inter-vivos trust which was formed to carry on the Health Care Public Benefits Activities of providing free services relating to the prevention of HIV infection, the provision of preventative and education programmes relating to HIV / AIDS, the care, counselling or treatment of persons affected with HIV / AIDS, including the care or counselling of their families and dependents in this regard. The trust operates principally in South Africa.

The operating results and state of affairs of the trust are fully set out in the attached annual financial statements and do not in our opinion require any further comment.

Net deficit of the trust was R 5 434 (2012: profit R 136 531), after taxation of R - (2012: R -).

3. Events after the reporting period

The trustees are not aware of any matter or circumstance arising since the end of the financial 12 months.

4. Trustees

The trustees of the trust during the 12 months and to the date of this report are as follows:

Name

Accounting Policies

1. Presentation of Annual Financial Statements

The annual financial statements have been prepared in accordance with the basis of accounting as set out below. The annual financial statements have been prepared on the historical cost basis.

1.1 Property, plant and equipment

Property, plant and equipment are tangible items that:

- are held for use in the production or supply of goods or services, for rental to others or for administrative purposes; and
- are expected to be used during more than one period.

Costs include costs incurred initially to acquire or construct an item of property, plant and equipment and costs incurred subsequently to add to, replace part of, or service it. If a replacement cost is recognised in the carrying amount of an item of property, plant and equipment, the carrying amount of the replaced part is derecognised.

Property, plant and equipment is carried at cost less accumulated depreciation and any impairment losses.

Depreciation is provided using the straight-line method to write down the cost, less estimated residual value over the useful life of the property, plant and equipment, which is as follows:

Item	Average useful life
Motor vehicles	3 years
Office equipment	5 years
IT equipment	3 years

The residual value, depreciation method and the useful life of each asset are reviewed at each annual reporting period if there are indicators present that there is a change from the previous estimate.

Each part of an item of property, plant and equipment with a cost that is significant in relation to the total cost of the item and have significantly different patterns of consumption of economical benefits is depreciated separately over its useful life.

Gains and losses on disposals are determined by comparing the proceeds with the carrying amount and are recognised in profit or loss in the period.

1.2 Revenue

Interest is recognised, in surplus or deficit, using the effective interest rate method.

Donations are recognised in surpluses or deficit when they are received.
